SUCCESS! The Revival of the Medical and Dental Mission

After three years of absence because of the Covid-19 pandemic, the medical and dental mission finally made it back. Fulfilling the goal of carrying out bi-annual medical outreaches, the Child Education and Nutrition Enhancement Program (CENEP) held the medical and dental mission in the three CENEP sites this year.

On June 2, 2023, a total of 147 persons benefited from the outreach held in Cypress Court, CENEP Cainta. Another mission was held on June 9, 2023 in Barangay Bahay Toro, CENEP Project 8. A total of 114 persons were served. And for the CENEP Mandaluyong site, 146 patients availed of the services on June 16 at the Amang Park.

Doctors, dentists, and other health workers from Mandaluyong City, along with doctors from the Quezon City General Hospital and volunteer doctors from UCM provided free medical and dental services. Other volunteers, including the CENEP staff and Indian students from AMA Medical School, assisted in the registration of patients, measurement of vitals, crowd control, medicine dispensing, and other assistance needed by the community members at each site.

The Foundation is deeply grateful for the overwhelming support of other organizations shown through the following donations: food packs from the Feed Our Streets project of Union Church of Manila; hygiene kits from Procter and Gamble Philippines; and medicines from Pascual Laboratories, The Cathay Pharma, Euro Asia, ADP Pharma, Prosel Pharma, and Sydenham Laboratories. Through you, and the volunteers, we have brought joy and wellness to the communities of our CENEP sites.
